Raw, unedited words of encouragement sent from our website users and mortgage brokers

"We're looking into our first place and it's ridiculous how much Ratehub.ca has clarified our lives. We were playing with the mortgage payment calculator – that was the killer. As you're using the calculator, helpful articles that 'read our mind' were on the left panel."

Neil Vidyarthi, Website User, Waterloo Ontario

"RateHub.ca is pretty amazing, and takes out the jargon you get when you go to the bank that can make your head spin. It's totally useful, especially for first time home buyers like me :)"

Joanna McFarlane, Website User, Toronto Ontario

"Ratehub.ca provides a professional platform for us to compete on rates, where we can provide our best rate up front and avoid the "haggling process". Further, we only pay for leads generated and avoid any set fee schedules. Ratehub.ca has definitely become an integral part of my business."

Dara Fahy, Mortgage Broker, British Columbia

"The best thing about RateHub is that clients have requested a call back from the specific mortgage broker – it doesn't feel like a cold call. From there it is all about educating the client and building a solid relationship. The people behind Ratehub are what make the company thrive. Working with Alyssa has been a true pleasure!"
